

## PTFE - GRM Custom Products

**PTFE** is a strong and flexible polytetrafluoroethylene (PTFE) material. It excels in various industrial and construction applications, making it an excellent choice for a wide range of products. GRM Custom Products has worked with engineers, steel fabricators, and contractors to provide structural products and solutions for various construction projects. For more information, contact us at 936-441-5910.

Our Location: [\*\*PTFE; 11133 I-45 S., Suite Q, Conroe, TX 77302, United States.\*\*](#)

# GRM CUSTOM PRODUCTS

**GRM Custom Products – Meeting Our Customers' Requirements since 1960.**

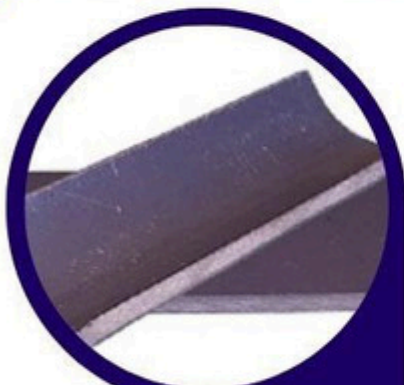

## **FRP PRODUCTS**

Ladders, Handrails,  
Walkways & Structures,  
Structural Members,  
Custom Fabrication.

## **BEARING PADS**

Typically used when  
vibration or rotation is  
expected at the  
connection point. GRM  
Bearing Pads come in  
many types and sizes.

## **ISOLATION & WEAR PADS**

Non-metallic wear pads –  
corrosion protection for  
uninsulated piping  
systems.

## SLIDE PLATES

Any design needing movement, isolation or stress relief can benefit from the addition of GRM Slide Plates.
