

## Pink Jasper cupcake (half raw half polished)

Pink Jasper, characterized by its soothing and nurturing color, is renowned for inspiring tranquility and emotional healing. In spiritual contexts, this gemstone is often linked to enhancing self-love, compassion, and a sense of completeness. It is considered a grounding stone that stabilizes emotions and bridges the physical and spiritual worlds. Pink Jasper is believed to promote a positive mindset, making it a favored choice for individuals seeking harmony and inner peace on their spiritual path.
