

# Ventures Solutions: Connecting Innovations with Inspirations

2022's  
League of  
Innovators

IT support has become an integral part of the business operations to deliver the best services to their clients. Ventures Solutions is one such organization that provides companies with services ranging from simple troubleshooting to complicated installations.

Here are the highlights of the interview with CioLookIndia a [Best Online Business Magazine](#) with Sridhar Viswanath.

## A Journey Unmapped

The journey of the company started way before its installation. In February 1990, the founder of Ventures Solutions Shridhar Viswanath was working as a Tech Support Executive in PC Spares and Services.

Under the leadership of the Founder Sridhar Viswanath a [Indian Business Leaders](#), Ventures Solutions have always delivered services that are abreast with the latest technology and services to make sure that the client's needs are promptly fulfilled.
