

Need A Kids Optometrist Who Can Help You Identify & Treat Vision Problems Early On?

Vision problems can occur at any age, but they are especially common in children. According to the American Optometric Association, one in four children has a vision problem that requires treatment. Early diagnosis and treatment are critical for preventing long-term vision issues that can affect a child's quality of life and academic performance.

At Eyeseer Optique, our [kids optometrist](#) is trained and experienced in working with children of all ages. From infants to teenagers, our team is committed to providing the highest quality personalized care that addresses each child's unique needs. We understand that children require a different approach to vision care, and our team is trained in making the experience as comfortable and stress-free as possible.

Our comprehensive kids' optometrist services include vision screenings, eye exams, and treatments for common vision problems such as nearsightedness, farsightedness, and astigmatism. We also provide specialized services such as myopia control, which can help slow the progression of nearsightedness in children.

Our optometrist uses the latest technology and techniques to ensure accurate diagnoses and effective treatments. We also work closely with parents to educate them on their child's vision needs and provide guidance on how to maintain healthy vision habits at home.

ABOUT Eye See Optique - A One-Stop Optical Boutique in the Heart of Arlington!

Waheed Abbasi opened Eye See Optique in Arlington, Virginia, in October 2017 after fifteen years of experience working at and managing several prestigious optical stores in the metropolitan Washington, DC area. Eye See Optique is located in Penrose Square at 2401 Columbia Pike.

Our in-house laboratory allows us to trim the majority of lenses within an hour. Additionally, it expedites the turnover time for lenses that must be ordered.

If you're seeking a reliable and experienced Kids optometrist who can help identify and treat vision problems early on, look no further! We are committed to helping your child achieve optimal vision health, so they can live their best life.
