Turn Your Scripts Into Followers + Cash | LinkUnlocker

Want More Subs From Your Scripts? Here's HowEver made a sick script but got barely any subs or Discord members from it? Yeah, same. That's why a bunch of us script devs have started using LinkUnlocker. Even popular and cool roblox youtubers like DarkModz have been using it for his latest executor review and his channel's been blowing up. What Is It?It's pretty simple: LinkUnlocker lets you put your scripts, keys, packs, configs or WHATEVER behind a "social wall." Someone wants your script? They gotta sub to your YouTube, join your Discord, or follow your socials first. The page looks clean too, not like those sketchy link shorteners we all hate. How It Actually WorksPut in your script download/key/whateverPick what you want people to do (sub to YouTube, join Discord, etc.)Share the linkThat's itCheck out how DarkModz does it: linkunlocker.com/@darkmodzOr roblox script dev ivanfila's page: linkunlocker.com/@ivanfila

Why It's Better Than Other OptionsWay faster loading than other sitesNo sketchy adsActually looks legitHas anti-bypass protectionYou can see how many people actually download your stuff **Make Money From Your Scripts**Here's something most people don't know - LinkUnlocker has built-in Lootlabs and Linkvertise APIs. That means you can automatically turn your download links into monetized links. So not only do you get more subs, but you actually make money when people download your scripts. No more setting up different platforms - it's all automatic.-> **Preview Video of the Monetization Feature**We also support the anti-bypassing api of both Linkvertise and Lootlabs, so you can enable this option to generate even more money. **Special Offer for rscripts.net Fam**Drop a comment below with your linkunlocker profile link if you start using LinkUnlocker, and I'll hook you up with a verified badge. This isn't just for show - it'll give you free lifetime pro access when those features drop. For real.Just go to LinkUnlocker.com, set up your page (takes like 2 minutes), and comment here with your profile. Easy as that. **Side Note**We even trippled the amount of users joining the Rscripts.net discord server, I've showcased that in this video here if you don't believe me.This is no bs, it genuinely creates massive win-win situations for you and your users so you are missing out on big growing opportunities when not using it.Try it out and let me know how it works for you in the comments - don't forget to comment to get that verified badge!
