Welcome to Clear Sight Eyecare and Laser Centre, where [Dr. Sonia Maheshwari Kothari](#), an esteemed Eye Specialist in Mumbai, offers specialized care, particularly in [Squint Eye Treatment](#). With a commitment to exceptional eye health, Dr. Kothari brings extensive expertise to address squint-related concerns, ensuring optimal visual alignment and function.

Expertise in Squint Eye Treatment: Dr. Sonia Maheshwari Kothari is renowned for her proficiency in treating squint, or strabismus, a condition where the eyes do not align correctly. Her specialized approach involves a thorough examination to understand the underlying causes, duration of the squint, and the patient's overall health.

Comprehensive Assessment and Personalized Plans: At Clear Sight Eyecare, each patient benefits from a comprehensive assessment, guiding Dr. Kothari in creating tailored treatment plans. These plans are designed to not only correct eye alignment but also enhance binocular vision, aiming for optimal functionality.

Diverse Treatment Options: Dr. Kothari employs a variety of treatment options, including corrective lenses, prisms, and, when necessary, advanced surgical interventions. The choice of treatment is based on the specific needs of the patient, ensuring a personalized and effective approach.

If you're seeking a trusted [Eye Specialist in Mumbai](#) for Squint Eye Treatment, Dr. Sonia Maheshwari Kothari at Clear Sight Eyecare and Laser Centre is dedicated to enhancing your vision and overall eye health. Schedule an [Appointment](#) today to experience personalized care and embark on a journey to clearer, aligned vision.
