Povich's maximum speed was measured at 93.8 miles 150.1 kilometers/h and 91.9 miles 147.9 kilometers/h on average. Cole's 97.5 miles at the batter's box in the third inning was the third fastest 98.2 miles/158 kilometers/h among pitchers on both teams who took the mound on the day. As it was his first appearance of the season, Cole checked his ball power without overstretching and promised to take the next one. [안전](#)
