

Medicube Hyaluronic Multi Peptide Serum

[Medicube Hyaluronic Multi Peptide Serum](#) is a deep-hydration serum designed to keep your skin moisturized and smooth. Packed with 13 types of peptides, high-purity hyaluronic acid, and PDRN, it helps reduce wrinkles and boost skin glow without feeling sticky.

Key Benefits

- Long-Lasting Hydration: Delivers up to 144 hours of moisture to keep your skin plump and fresh.
- Peptide Boost: Enriched with 13 peptides and PDRN to improve skin texture and reduce fine lines.
- Gentle Formula: Hypoallergenic and non-sticky, perfect for sensitive or easily irritated skin.
- To explore all our Products at [Qasr Jamal Store](#), Discover a wide range of skincare essentials just for you.

How to Use

- Shake gently before use. Apply an appropriate amount to clean skin and spread evenly. Gently pat until fully absorbed.
