

Asia-Pacific Antenna Market Opportunities, Current Trends, Market Challenges and Industry Trends

[Antenna market](#) is expected to gain market growth in the forecast period of 2020 to 2027. Data Bridge Market Research analyses that the market is growing with the highest CAGR of 7.9% in the forecast period of 2020 to 2027 and expected to reach USD 9,232.44 million by 2027.

Scope and Market Size - Asia-Pacific Antenna Market:

- On the basis of antenna type, the antenna market is segmented into internal and external. In 2020, rising demand for the advanced connectivity solution for the flexible and maximum network solutions is driving the external segment growth.
- On the basis of the frequency range, the antenna market is segmented into high, very high and ultra-high. In 2020, ultra-high segment is dominating in the antenna market owing to the high frequency offered by antennas and enhanced support by the governments.
- On the basis of the technology, the antenna market is segmented into MIMO (multiple input multiple output), MISO (multiple input single output), SIMO (single input multiple output) and SISO (single input single output). In 2020, MIMO (multiple input multiple output) technology is majorly adopted by the end users as it offers advanced antenna solution with minimum price.
- On the basis of application, the antenna market is segmented into Wi-Fi systems, cellular systems, WiMAX, radar and others. In 2020, growing penetration of the internet

service and demand for the high speed internet with maximum coverage is driving the growth of cellular systems segment.

Some of the key questions answered in this report:

- What will the market growth rate, growth momentum, or acceleration market carry during the forecast period?
- Which are the key factors driving the Asia-Pacific Antenna Market?
- What was the size of the emerging Asia-Pacific Antenna Market by value in 2028?
- What will be the size of the emerging Asia-Pacific Antenna Market in 2028?
- Which region is expected to hold the highest market share in the Asia-Pacific Antenna Market?
- What trends, challenges, and barriers will impact the development and sizing of the Global Asia-Pacific Antenna Market?
- What are the sales volume, revenue, and price analysis of top manufacturers of the Asia-Pacific Antenna Market?
- What are the Asia-Pacific Antenna Market opportunities and threats faced by the vendors in the global Asia-Pacific Antenna Market Industry?

Market Insights - Asia-Pacific Antenna Market:

Increasing industrialisation and requirement for faster network services is helping the market to grow at significant rate.

Asia region holds strong manufacturing hubs such as Japan, China, India and others due to which its region behind fastest growing region in the market. Rising production facilities and service agreement with companies is further driving the market growth. Increasing competition between market players is enhancing the market growth. For instance, in March 2020, Telefonaktiebolaget LM Ericsson has been selected by the Chunghwa Telecom to deploy the 5G Core and VoLTE solutions for Taiwan market. Company is offering C-RAN architecture for 5G evolution which includes the active antenna products.

Country Level - Analysis Asia-Pacific Antenna Market:

The countries covered in antenna market report are China, Japan, India, South Korea, Australia, Singapore, Malaysia, Thailand, Indonesia, Philippines, and Rest of Asia-Pacific.

Share Analysis - Asia-Pacific Antenna Market:

- Asia-Pacific Antenna Market competitive landscape provides details by competitor. Details included are company overview, company financials, revenue generated, market potential, investment in research and development, new market initiatives, global presence, production sites and facilities, company strengths and weaknesses, product launch, clinical trials pipelines, product approvals, patents, product width and breadth, application dominance, technology lifeline curve.

Major Key Players - Asia-Pacific Antenna Market:

The major players covered in the report are

- TE Connectivity
- Ficosa Internacional SA
- Abracon
- DENSO CORPORATION
- Pulse Electronics (A subsidiary of YAGEO Corp.)
- Laird Connectivity
- Antenova Ltd.
- Johanson Technology
- Linx Technologies
- Tallysman
- Inventek Systems
- PCTEL
- Yokowo co. ltd.
- AVX Antenna Inc.
- Continental AG
- Calearo Antenne SPA
- Continental AG
- Calearo Antenne SPA
- Huf Hülsbeck & Fürst GmbH & Co. KG
- HARADA INDUSTRY CO. LTD
- HARMAN International (A Subsidiary of SAMSUNG ELECTRONICS CO.LTD.)
- INPAQ Technology Co.Ltd
- HELLA GmbH & Co. KGaA
- Airgain Inc.
- SCHAFFNER HOLDING AG
