Not so Fun Fact: Boxelder bugs emit an orange dye from their bodies when they're feeling threatened, or when they become crushed. Though virtually harmless the boxelder bug can sting, and leave a red, itchy mark on its victims.

Call us today we have Quarterly and One Time Spray Specials to help eliminate these unwanted House Guests,

Not so Fun Fact: Wasp venom contains a pheromone that causes other wasps to become more aggressive. Try not to swat one near its nest or other wasps. The sting of a wasp should wear off within 24 hours, but for a small minority of people, the venom in their sting causes anaphylactic shock which can be fatal.

Call us today we have Quarterly and One Time Spray Specials to help with these Buzzing Pests and their Nests.
