I SUCKED THE PASTOR'S DICK.

I gave the pastor a blowjob and it felt good. It's a very different story, and you're going to love it. It is almost like a movie, it will seem like a movie to you, such a matter is final. Like anywhere, not all priests are friendly and respect all religious traditions. Most of them are not good at all, like Mr. González, I will tell you about what we did. My name is Angie, I'm 21 years old and I'm a prostitute. I confess that I didn't really want to work when my mother allowed me. Since she was pretty and nice, I decided to do something simple and thus be able to earn a lot of money. So I decided to prostitute myself but not with everyone but with rich and married people who will lose if I rat them out. Since they are discreet and keep their antics, I decided that they would be my only clients. I started making a lot of money and I told my mom that I am a fashion blogger and I make YouTube videos. And she believed me and this is how I live, supposedly I go to school during the day and at night I go to my friend's house to record a video for youtube. But what I was really doing was sleeping with rich men for money. Another thing you should know is that I pray a lot like my parents taught me.

That's why I go to church every Sunday and confess once a month. And I often visit Priest González, my parents are his friends, I trust him a lot. Not long ago I went to confession and had to talk about my work, but I was scared by this cruel high priest. He came out of his cubicle and sat down next to me. He gave me a cup of coffee and said that I am a smart woman and that he is proud of how I get my money. He continued to talk a lot until he said what he wanted, he threatened me, he said that he could tell mom and dad what he was doing. But that he could keep my secret if he did what he wanted. Then he took out his penis and he was fat, no wonder, I looked at him fat, big. He also told me that she was a very beautiful girl. After that he stroked my hair and put his hand on my chest. He got even bigger fat cock from him. I got him really horny and 5 minutes later he ejaculates in my mouth. I had to live with it so he wouldn't rat me out. After that day, I have to go there once a month and give him good oral sex so he doesn't rat me out, so he doesn't tell my parents anything. And now this is how I live my life blackmailed by him and me blackmailing the rich and married men with whom I have sex for money.

Has something like this happened to them? Have they ever been blackmailed?
