Apex Legends is a new free to play Battle Royale game that was released in 2019. The game has a lot of features that make it stand out from the other games in the genre. Apex Legends has a one-button combat system, which is much easier to learn than other games like Fortnite and PUBG.

The game also has some unique features such as the ability to revive your teammates after they have died. This feature helps keep players engaged in the game for longer periods of time and doesn't result in any one player feeling like they are at an unfair disadvantage.
