

## Hollywood Casino Morgan Town to Open

Penn National Gaming, Inc. today announced that it expects to open its Hollywood casino Morgan Town to the public at noon on Wednesday, December 22, pending final regulatory approval. Hollywood Casino Morgantown is conveniently located at the intersection of the three main roads of the Pennsylvania Turnpike (I-76), I-176 and Morgantown Highway (Rt. 10). Morgantown Category 4 Casino is Penn National's fourth facility in Pennsylvania to join Hollywood Casino in Grantville's Penn National Race Course, Hollywood Casino in The Meadows, Washington, and Hollywood Casino York, which opened last August.

"The countdown to our grand opening begins today," said Mark Gustella, vice president and general manager of Hollywood Casino Morgan Town. "We are thrilled to be visiting this beautiful new building where our customers will soon experience the best of gaming, dining and entertainment."

The approximately 80,000 sq ft facility has 750 state-of-the-art slot machines, 30 table games, climate-controlled outdoor game terraces, state-of-the-art barstool sportsbooks and three unique dining options. In the Barstool Sportsbook, sponsors can enjoy sports from all over the world through jumbotrons on the rocks or numerous high-definition televisions throughout the facility. The 150-seat full-service restaurant will offer a variety of food and drink options, from mouthwatering steaks to classic bar fare, more than a dozen craft beers and classic sports movie-inspired handcrafted cocktails. Betting windows and kiosks for sports and racing are conveniently located throughout the sportsbook, along with interactive games, outdoor fireplaces and barstool sportsbook commodity stations.

In addition, the company partnered with Tony Luke to bring Morgantown his restaurant and the taste of South Philly. Customers can enjoy Tony's signature cheese steak, roast pork Italian sandwiches and many award-winning delicacies. With up to 100 seats in the adjacent bar 76 of the game floor, customers can see and enjoy the action firsthand while eating the best cheese steak north of the Pennsylvania Turnpike.

Lastly, Hollywood Casino Morgan Town will also host Red Lotus Asia Kitchen, offering authentic Asian cuisine to customers. Red Lotus will showcase popular noodles and Southeast Asian specialties designed to stimulate the senses in a stylish, modern-designed open kitchen right in front of the game.

Prior to the grand opening, Penn National will host two invitation-only test days, with proceeds from the game being donated to charities in the area. Participating charities include United Way, Honey Brook Food Pantry and the Jarrett Yoder Foundation, which serves community heroes and their families, including active duty soldiers, veterans, firefighters, first responders and police.

"We are excited to support these incredible organizations in Berkshire, Chester and Lancaster counties," said Guastella. "Pen National is committed to actively participating in the community and working with valuable organizations to help those in need."

The development of Hollywood Casino Morgantown represents an overall investment of approximately \$111 million, including licensing costs, and career opportunities for approximately 375 new jobs at the facility are still available. Interested applicants can visit the Hollywood Casino Morgantown Career Center, located in Morgantown, Holiday Inn, 6170 Morgantown Road. You can serve in a variety of positions pending regulatory approval, including casino operations, food and beverage, security and surveillance, human resources, and marketing.
