## HOW TO SPEED UP YOUR SOCIAL MEDIA CONTENT MARKETING

**PLAN YOUR GOALS**  
Before you do anything else, think about your goals. How does this help you work faster? Clearly defined goals will affect everything you write.

**MAINTAIN A BRAINSTORMING FILE**  
In your monthly planning session, take a look at your ideas and incorporate them into your posting schedule.

**CREATE A CONTENT PLAN**  
Make sure you schedule some time once a month to plan out your content for the following month, rather than creating content every single day.

**MAKE TIME FOR ENGAGEMENT**  
Spend 10 minutes a day interacting with people on your own social media pages and those of other companies in your field.
