

How to Plan Your Bathroom Renovation

When it comes to bathroom renovations, planning is important. Without proper organization and structure, your bathroom renovation can cost you a lot of time and money.

Our team at **iRemodel Home Renovations** is here to go over a few items to consider before the project begins. They include:

- Create a realistic budget
- Hire a professional contractor
- Ensure proper ventilation is included
- Repurpose items from your existing bathroom
- Talk to your contractor about the best options for plumbing
