

Dr. Sneha Kovi

Dr Sneha Kovi, Consultant Dermatologist, Trichologist and Hair Transplantation Surgeon at Dr. Paruchuri Raja Ram Memorial Skin, Hair & Laser Centre, Guntur. I'm the third generation dermatologist from our family. I was inspired greatly by my grandfather, Dr. Rajaram Paruchuri, in the early phases of my life and then by my aunt, Dr. Kavitha Athota, in later phases, who are most acclaimed dermatologist in AP and India. With their guidance, I was trained under the best professors in the field, during my post-graduation. I was fascinated by the latest developments in the dermatology and found myself in passion with Aesthetics and Hair. This lead my journey into the Dematosurgeries, Aesthetics, Trichology and Hair Transplantation. I went on to pursue these from some of the best dermatologist in the country. Completed my fellowship in trichology & Hair transplantation, and training in Aesthetics and dermatosurgeries. My thirst to knowledge never dies, and that made me participate in many National and International conferences to improve and share my knowledge, skills, and give an International standard of Dermatological care to my patients.

The Dr. Sneha Kovi Clinic, a one-stop solution for all your skin problems, stands as one of the best skin clinics in Guntur for our outstanding services and modern treatments. Under the leadership of Dr. Sneha Kovi, the best dermatologist in Guntur, we have treated many patients with well-advanced surgical equipment and also with safe and result-driven methods.
