

Varamahalakshmi Pooja Procedure and Ideas for 2023

Introduction

Hindus commemorate Varamahalakshmi Vrata, a major and auspicious holiday, particularly in India's southern areas. The second Friday of the Hindu month of Shravana, which typically falls between July and August, is when this celebration takes place. Seeking the blessings of Goddess Mahalakshmi for money, prosperity, and well-being is the main goal of Varamahalakshmi Pooja. Let's examine the conventional [Varamahalakshmi Pooja](#) technique in 2023 as we observe this holy occasion and learn some original suggestions to enhance the delight and significance of this holiday.

1. Varamahalakshmi Pooja Procedure

a. Preparations:

In order to establish a calm and holy environment for the Pooja, careful preparations are required before it can begin. The home and the location where the Pooja will be done should be cleaned. To evoke the auspiciousness of the event, decorate the Pooja venue with vibrant flowers, a traditional rangoli, and diyas (lamps).

b. Setting up the Kalasha:

A sacred pot known as the Kalasha is used in Hindu rituals to represent abundance and the god's presence. Water, betel nuts, rice grains, money, and betel leaves should all be placed in the Kalasha. The Kalasha should be topped with a coconut that has been decorated with kumkum and turmeric.

c. Invoking the Deity:

Sacred mantra chanting and lamp-waving rituals are used to call upon Goddess Mahalakshmi. As a sign of devotion, present the deity with flowers, incense, and fruits.

d. The Vratam Ritual:

The Vratam, which involves tying a sacred thread (often yellow or red) on the right hand, is the principal component of the Varamahalakshmi Pooja. This thread is thought to provide prosperity and well-being and represents the blessings of the goddess Mahalakshmi. Perform a particular Pooja for the thread after you've tied it.

e. Offering Prasadam:

Prepare traditional treats and sweets to give the Goddess as offerings (Prasadam). Share this Prasadam with your loved ones, friends, and neighbours as a sign of giving and spreading joy.

f. Performing Arti:

Aarti should be performed to end the pooja in order to obtain the goddess Mahalakshmi's last blessings. To generate a spiritually upbeat and positive mood, sing devotional tunes and recite mantras.
