[BIM Coordination Services](#) can have actions like model management, model review, clash detection and resolution, and change management. With the use of 3D virtual models, BIM Coordination Services can help identify problems early in the design stage, reducing the likelihood of rework, delays and increased costs.

You are looking for BIM and CAD Design Services for your Building. Silicon Engineering Consultants Pty Ltd is the best place for you. where you can easily find a list of BIM & CAD Services.
