Exhibit (B) Case Authority

Case No WI 05257F

David Ward

And

Warrington Borough Council

Date: 30th Day of May 2013

Case Overview.

What the Government would like people to believe is that a procedural impropriety is an acceptable mistake which can be overlooked. But what this is, is a deliberate act of fraud and also malfeasance in a public office.

These are very serious crimes with criminal intent.

Fraud is a deliberate action to defraud where the victim of the crime is unaware having no knowledge of a situation or fact. This crime caries a penalty of 7 to 10 years incarceration and there latter, where there is multiple instances of. 63.5 million People are subject to this crime everyday as it is now commonplace and is carried out by the largest and most ruthless criminal company in this country.

This same company is also a public office with the enforcement to execute this crime which is inclusive of but not limited to:- The office of the police, The office of the Judiciary, Local government and central government. Independent Bailiff Companies which are licensed by the same company.

Malfeasance, Misfeasance and Nonfeasance is also a very severe crime with a period of incarceration of Life in prison. Malfeasance is a deliberate act, with criminal intent to defraud. Ignorance is no defense. Malfeasance has been defined by appellate courts in other jurisdictions as a wrongful act which the actor has no legal right to do; as an act for which there is no authority or warrant of law; as an act which a person ought not to do; as an act which is wholly wrongful and unlawful; as that which an officer has no authority to do and is positively wrong or unlawful; and as the unjust performance of some act which the party performing it has no legal right.

Crimes of this nature cannot go unpunished. If crime goes unpunished then the criminal will undertake the action again and again. When the criminal is rewarded for the crime by their peers and superiors it then becomes difficult to know that a crime has been committed in the first place. However, it is everyone's obligation to be fully conversant with there actions, and the consequences of their actions in every situation.

"I was just following orders" Or "I was just doing my Job" Is no excuse.

When the full extent of these crimes is realised, it then becomes blatantly obvious that these crimes are deliberate and in full knowledge if not by the lower subordinates but defiantly by the executive officers of the company.

The cost of these crimes has been estimated to be in the region of £4,037.25 Trillion over the past 35 years. This is the cost to the people of this small country which is far in excess by many times the global GDP.

The simplicity of this case is very often overlooked as it involves a simple PCN. (Penalty Charge Notice)

It is important to note here that the appellant at tribunal did not challenge the PCN, or the Traffic Management Act. But the appellant took out the very foundation to any claim made under any Act or statute of Parliament. All of which have the same legal dependency which has never been fulfilled in 800 years.

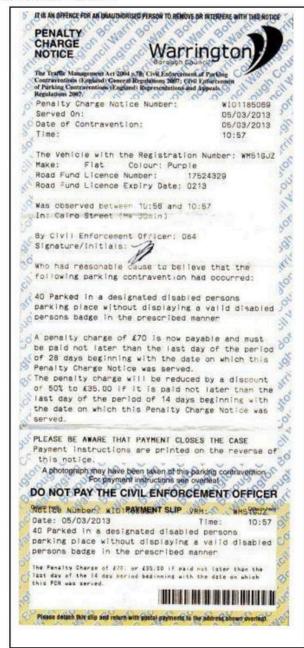

There are in excess of 8 million Act's and statutes. None of which can be acted upon without the legal authority to do so. To act upon these same Act's/Statutes without the legal authority to do so is Malfeasance in a public office and fraud at the very least.

This case which was undertaken at tribunal and there for recognized due process confirms this to be the facts of the matter.

Case details.

This may be a simple PCN (Penalty Charge Notice) but close observation of the details will conclusively show otherwise.

This is the PCN (Penalty Charge Notice) issued by Warrington Borough Council which clearly shows that a claim is being made under the traffic management Act 2004. There is clearly no disclosure to the fact that there is no liability to pay as the outcome will show.

Any Representations made after this date may be disregarded. If your Representation is successful a Notice of Acceptance will be issued and the penalty charge cancelled. I am not liable to pay the penalty charge because: The alleged contravention did not occur. In Section 3, explain why you believe no contravention took place. I was never the owner of the vehicle in question/or Please complete section 2. ☐ I had ceased to be its owner before the date on which the alleged contravention occurred/or Please complete section 2 I became its owner after the date on which the alleged contravention occurred. We are a vehicle hire firm and the vehicle was on hire under a hiring agreement and the hirer had signed a statement acknowledging liability for any PCN issued during the hiring period. Please supply a copy of the signed hire agreement including the name and address of hirer. Please complete Section 4. The penalty charge exceeded the amount applicable in the circumstances of the case That is, you have been asked to pay more than you are legally liable to pay. Please complete Section 3. There has been a procedural impropriety by the enforcement authority. Please complete Section 3 stating why you believe the authority has acted improperly or in breach of regulations The Order which is alleged to have been contravened in relation to the vehicle concerned is invalid. You believe the parking restriction in question was invalid or illegal. Please complete Section 3. This Notice should not have been served because the penalty charge had already been paid. If none of the grounds above apply but you believe there are mitigating circumstances please complete Section 3.

We would also point out at this point that this is an unsigned NOTICE and not a legal document. The mitigating circumstances is that there has been a procedural impropriety, which is clearly an option as this is clearly stated on the notice to owner. So it is apparent that there is a procedural impropriety in place and this is known by Warrington Borough Council otherwise this option would not be a part of the Notice to owner. We also took the opportunity to utilise a second option which confirms there is a procedural impropriety and that the order which is alleged to have been contravened in relation to the vehicle is invalid. Why ells would these possibilities be on this notice to owner if there was not a procedural impropriety. We also took the opportunity to complete section 3 of the notice to owner to clarify the procedural impropriety on a separate piece of paper as advocated by Warrington Borough Council as there was not enough space on the notice to owner provided. These presentations were as follows.

Dear Sir's

Academy Way Warrington WA1 2HN

We do not know who to name as the recipient of this communication as the sender failed in his/her duty of care and did not sign the document sent to Mr David Ward at his address. The action of not signing the document sent to Mr David Ward legally means that no living person has taken legal responsibility for the content of the document on behalf of Warrington Borough Council and the document cannot be legally responded to. That very act of not signing the document renders the document void and therefore none legal and unusable in law under current legislation. **Strike one**. Deliberate Deception.

This Document will now be kept on file as physical presentable evidence, as it represent the criminal activities of the representatives of Warrington Borough Council whether they are aware of this transgression or not. Ignorance of the law is no defence and all of the representatives of Warrington Borough Council are now culpable under the current legislation because one individual failed to sign the document. This is a fact which must be understood. **Strike two**. Ignorance of current legislation.

The second big mistake on the document is that the document is a notice to owner. Under current legislation the owner of any motorised vehicle is the DVLA Swansea SA99 1BA, this means that some imbecile at Warrington Borough Council has sent a notice to owner to the registered keeper and not the official owner. **Strike three**. Document sent to the wrong address. We have not progressed beyond the first line yet and we are falling around on the floor in a state of hysteria at the competence levels demonstrated by the representatives of Warrington Borough Council. Mr David Ward is the official registered keeper not the

The very next line refers to the Traffic Management Act 2004. Now this is where things get really interesting because the Act referred to is an act of HM Parliament and governments PLC, a recognised corporation or an all for profit business. An Act which is not law in the UK, it is not even referred to as law as it is an Act of a corporation or an all for profit business, or policy, but it is not a law. **Strike four.** Displays lack of understanding and competence regarding what is the difference between law and legislation. Act's and statutes of HM Parliament and governments **PLC** can only be given force of law by the consent of the governed which have agreed to those Act's and statutes of HM Parliament and governments PLC. There for there is a mandatory legal requirement under current legislation that the governed must have given their consent legally which can be physically presented as <u>fact</u> before the Act's and statutes of HM Parliament and governments PLC can be given force of law. Not Law, Not enforceable. Sixty three and a half million people in the UK have not legally entered into those agreements in full knowledge and understanding and of their own free will, which must be kept on the public record for the Act's and statutes of HM Parliament and governments PLC to be given an <u>action</u> which involves <u>force</u>. Or force of law. The answers to the questions are in the understanding of the words used to implement acts of force. Or Law.

The next item we come to is a demand for payment. A demand for payment without a signed Bill is a direct contravention of the Bills of Exchange Act 1882. **Strike Five**. The Bills of exchange act of 1882 is based upon a pre existing commercial contract or agreement. See Bills of exchange act of 1882. http://www.legislation.gov.uk/ukpga/Vict/45-46/61.

Profiteering through deception is an act of fraud. **Strike six**. See Fraud Act 2006. http://www.legislation.gov.uk/ukpga/2006/35/contents. Insisting or demanding payment without a pre existing commercial

145 Slater Street

arrangement which is based on presentable fact in the form of a commercial agreement is an act of deception. Payment is a commercial activity.

You have been served LEGAL NOTICE

Mr David ward has no recognisable legal means to respond to a demand for payment without a signed bill which is based upon a pre existing commercial contract or arrangement or agreement, because there is no standing commercial contract or arrangement or agreement between Mr David Ward and Warrington Borough Council. If Mr David Ward was to willingly comply with the demand for payment without a commercially recognised bill, then Mr David Ward would have knowingly given consent and conspired to a commercially fraudulent action. This in turn would make Mr David Ward culpable under current regulation for that action. Mr David Ward will not knowingly create that liability against himself or create that culpability.

The very presentation of the document that we are responding to from Warrington Borough Council, which is also a document that will be kept on file for future presentation as physical evidence, which is presentable physical evidence and a list of transgressions against the currently held legislation.

This same document supplied by Warrington Borough Council recognises that there may be, or has been a procedural impropriety by the enforcement authority. This is the only saving grace on this document which allows for a honourable withdrawal, of the proceedings implemented illegally by the enforcement authority.

This document is representation as to the procedural impropriety by the enforcement authority and as stated at the outset of the document, gives an <u>opportunity to withdraw</u> due to the procedural impropriety by the enforcement authority. This process is also a matter of complying with current legislation, without which Mr David Ward would be unsuccessful if he were to pursue legal proceeding against the enforcement authority and or the members of Warrington Borough Council.

As the opportunity to withdraw has now been presented to the enforcement authority and the members of Warrington Borough Council under a procedural impropriety by the enforcement authority. Should the above mentioned not take the opportunity to make an honourable withdrawal and confirm such in writing to Mr David Ward, then Mr David Ward will be left with no other option in the future but to start legal proceedings against the enforcement authority and the members of Warrington Borough Council.

The content of this document will be in the public domain in the next few days as there is no agreement in place which is legally binding with which to prevent this.

We don't expect to be hearing from the enforcement authority and or the members of Warrington Borough Council again unless it is in the form of a written confirmation of withdrawal of proceedings.

No further correspondence will be entered into regarding this matter.

Mr David Ward reserves the right to use force to defend himself, his family and his family home, which he has an unalienable right to do so.

You have been served LEGAL NOTICE

Warrington Borough council decided at this point not to recognise the representation given or the requirement for Warrington Borough council to present the legal and presentable "Consent of the governed" Which is mandatory for Warrington Borough council to have the correct legal authority before acting under the Act's and statutes of parliament.

It is also important to note that Warrington Borough council did not at this point contest the presentations made.

There is no effective contest to the presentations made. So the presentations made stand as fact.

Also at this point Warrington Borough council invited Mr D Ward to take Warrington Borough council to tribunal and the outcome would be legal and binding on both parties. So we took advantage of this generous offer and we also included

copy of all documents up to this point as physical evidence. This was the same process as before. Along with same presentations sent to Warrington Borough council. Along with a letter to the adjudicator as follows.

Dear Adjudicator

Please forgive the informality as we have not been made aware of the name of the adjudicator.

This is in response to Warrington Borough Councils decision to reject our challenge against the PCN. Clearly the PCN has been challenged by Mr David Ward, But that challenge has not been rebutted by Warrington Borough Council, as Warrington Borough Council have only repeated the grounds under which the PCN was raised. Copy under same cover which is highlighted. Also a PCN is a penalty charge Notice and as such a notice of a penalty charge. A recognisable Bill has not been raised and presented to Mr David Ward complete with a wet ink signature.

As the presentations made by Mr David Ward where not addressed. Then the challenge made by Mr David Ward still stands and the PCN is not valid or enforceable.

Warrington Borough Council has made a demand for payment, but has not presented Mr David Ward with a Bill which is recognised under the Bills of exchange act of 1882. (Which also must have a signature in wet ink?) Warrington Borough Council cannot raise a Bill because there is no commercial arrangement in place between Warrington Borough Council and Mr David Ward under which to raise a Bill.

For Mr David Ward to respond by paying without a bill signed in wet ink, then that would be a direct violation of the bills of exchange act of 1882. In addition to this as there is no commercial arrangement and Bill presented, then this would also be a contravention of the fraud act of 2006. Mr David Ward is not in the habit of knowingly conspiring to fraud. This action would also create a liability against Mr David Ward.

Warrington Borough has also listed in their "rejection of presentations" the Traffic Management Act 2004 – s78 in support of their claim. The Act's and statutes of HM Parliaments and Governments PLC can only be given force of law by the consent of the governed. What is mandatory in the first instance is the consent of the governed which is also presentable as fact. As the consent of the governed is not presentable as fact, then the Act's and statutes of HM Parliaments and Governments PLC cannot be acted upon in any way which would cause loss to the governed. What is mandatory in this instance is the presentable agreements of sixty three and a half million governed to be in place before an Act or Statute can be acted upon.

We fail to see how this is in support of the PCN presented to Mr David Ward.

We fail to see how listing the Traffic Management Act 2004 – s78 supports the claims made by Warrington Borough Council in any way other than to create obfuscation in attempt to confuse the mind.

There are no agreements in place between the 22000 residents of the Warrington Borough and Warrington Borough Council, which can be presented as fact complete with signatures in wet ink, which can be presented to support the claim of Warrington Borough Council in support of a demand for payment. Without violating the Bill's of exchange Act of 1882 and the fraud act of 2006 section 2 Fraud by false representation see: http://www.legislation.gov.uk/ukpga/2006/35/section/2. And section 4 part 2

A person may be regarded as having abused his position even though his conduct consisted of an omission rather than an act. See: http://www.legislation.gov.uk/ukpga/2006/35/section/4. An omission in the form of an omitted signature would constitute an act of fraud under section 4 section 2 of the fraud act of 2006.

So let us summarise regarding the grounds for appeal with reference to the form provided for appeal.

- (A) The alleged contravention did not occur. No contravention has occurred, because there are no agreements between the 220,000 members of the Warrington Borough and Warrington Borough Council, which can be legally presented as fact in support of the alleged contravention.
- (C) There has been a procedural impropriety by the council. The council did not respond to the challenge made by Mr
 David Ward in a manner which would make any sense or would constitute a rebuttal to the challenge. Warrington Borough
 Council are advocating to Mr David Ward in their demand for payment without a bill presented, a direct contravention of the
 Bill's of exchange Act 1882 and the Fraud Act 2006.
- (D)The traffic Order which is alleged to have been contravened in relation to the vehicle concerned is invalid. The traffic order (that's a new approach, can't find a listing for that.) is illegal because there is no agreement between the parties which is legally presentable as fact and signed in wet ink. You have got to love that word legal, legally blind, legal consent.

All presentable as fact complete with a signature in wet ink, and without the signature in wet ink on a legal document in the form of an agreement, then it is not legal or is illegal and therefore not lawful. You have to love the word legal.

Need we continue? It is obvious at this point that there is no body at Warrington Borough Council that is capable of understanding the challenge made by Mr David Ward, or capable of responding, there for an Adjudicator becomes necessary.

There is only one outcome to this tribunal, where the adjudicator is a recognised lawyer and is independent of the council.

- A challenge has been made and has not been effectively rebutted by Warrington Borough Council.
- The action of demanding payment without the presentation of a lawful legal Bill which is subject to The Bill's of exchange
 Act of 1882 and signed in wet ink cannot be responded to in the manner expected by Warrington Borough Council, without a
 second transgression against the fraud act of 2006.
- Regardless of the policies or legislation of Warrington Borough Council or HM Parliaments and Governments PLC, any
 commercial activity would constitute an act of fraud without the commercial agreements in place beforehand.
- The continued activates where demands for payment are made without observing the bills of exchange act 1882 and a
 recognised bill is presented complete with wet ink signature is a continued procedural impropriety by the council and the
 members of Warrington Borough Council are culpable in law for their actions.

There can only be one outcome to this tribunal which is acceptable under current legislation and that outcome will be found in favour of the appellant Mr David Ward and not in favour of continued transgressions against current legislation by Warrington Borough Council.

In the document provided outlining procedure to make presentations in this tribunal process, there is a section concerning Costs in favour of the appellant, where a party has behaved wholly unreasonable.

We have taken a considerable amount of time and energy responding to Warrington Borough Council when making representation and in preparation for this tribunal. It is not without reason that a consideration could be expected. This would also serve to enforce the decision made by the adjudicator in this tribunal. If the adjudicator is truly an independent and an honourable individual then a consideration is in order.

Mr David Ward also notes that as this Tribunal is informal then it is also recognised as not legally binding regardless of the findings of the Adjudicator.

We would also like a response in writing from the adjudicator to relay the outcome of this tribunal conveying the reasons for the adjudicator's decisions.

Adjudicator Decision 1249267.pdf

Adjudicator's Decision

David Ward and Warrington Borough Council

Penalty Charge Notice WI01185069 £70.00

Appeal allowed on the ground that the Council does not contest the appeal.

Reasons

The PCN was issued on 5 March 2013 at 10:57 to vehicle WM51GJZ in Cairo Street for being parked in a designated disabled person's parking place without clearly displaying a valid disabled person's badge.

The council has decided not to contest this appeal. The adjudicator has therefore directed that the appeal is allowed without consideration of any evidence or the merits of the case.

The appellant is not liable to pay the outstanding penalty charge.

The Proper Officer on behalf of the Adjudicator

30 May 2013

Page 1 of 1

[&]quot;Appeal allowed on the ground that the council does not contest the appeal" "The council has decided not to contest this appeal"

Warrington Borough Council cannot contest the appeal. There is a mandatory requirement for Warrington Borough council to present as physical evidence and factual foundation for the claim, which is the legally signed on and for the public record "Consent of the Governed" This is the legal authority that Warrington Borough council would have to present as physical evidence and foundation for there claim, for the claim to have any legal substance in presentable fact.

He who makes the claim must also provide the foundation and the physical proof of that claim other wise the moon could be made from cream cheese just because Warrington Borough council claim this is so.

Without this physical evidence then the claim is fraudulent. Hence a crime is committed by Warrington Borough council and that crime is fraud not a procedural impropriety or a mistake. Also, there is a second crime. This second crime is Malfeasance in a public office. A clear and intended action to extort funds where there is no legal authority to do so.

"The adjudicator has therefore directed that the appeal is allowed without consideration of any evidence or the merits of the case"

Clearly there are merits of the case which have been presented here.

The appellant is not liable to pay. Case No WI 05257F Dated 30th day of May 2013.

There is also confirmation of this fact from Warrington Borough council and signed in wet ink by an officer of the state Scott Clarke Dated 29th of May 2013.

"Due to the unanticipated shortage of parking services staff. Warrington Borough Council has no alternative except to exercise our discretion and cancel the above Penalty Charge Notice"

This is a very interesting choice of words which is obfuscator in nature. Warrington Borough Council will never be able to provide staff which can provide the legal consent of the governed because for the past 800 years the governed have never once been so much as asked to provide the legal consent of the governed on and for the public record. Warrington Borough council or it's parking services staff cannot provide something that does not exist and is of no physical substance for the foundation to the claim.

"Warrington Borough Council has no alternative except to exercise our discretion"

As there is no legal consent of the governed then Warrington Borough Council does not have any authority or discretion to exercise. This also applies to HM Parliaments and Government PLC, the parent company.

.....

The ramifications to this case authority are huge and not all apparent at first glance. Consider the following.

A licence is a permission to undertake an action that would otherwise be illegal. HP Parliaments and Governments PLC clearly do not have the legal Authority to issue any form of licence without the legal and physically presentable signed in wet ink consent of the governed. Also. HM. Parliaments and Governments PLC do not have the legal authority to determine that an action is illegal without the legal and signed consent of the governed physically on and for the public record. There is no physical record of the fact. 63.5 million People have not signed the consent of the governed.

63.5 million People have never once been asked and have never once signed the consent of the governed and as the office of Parliament is only a four year office then there must be this signed legal document every four years on and for the public record.

All forms of Tax, VAT, Duty, Council tax etc is illegal and constitutes fraud and malfeasance in a public office without this legal dependency being fulfilled.

The enforcement of these Act's/Statutes, by the Police, the local authority, the Judiciary, and government licensed Bailiffs is also illegal and constitutes malfeasance without this legal authority to do so.

It is a known fact and this has been documented by Chartered accountants that the populace pays all manner of tax to the tune of 85% in the £. Sometimes where fuel is concerned this is a much as 92% in the pound. The argument has been made that it is necessary to pay tax to pay for the cervices that we need such as police, ambulance and so on. Then it can also be argued that these people who provide these services should not pay any form of Tax. They should live a tax free life.

This is not in evidence. In fact the contrary is true.

It would also be accurate to argue that the 15% that the populace gets to keep actually pays for all the services inclusive. People provide services not government. This would be an accurate assessment of the available facts. There is no valid reason to pay tax at all and the cost of living would drop by 85% at a minimum.

Do the math.

All the public officials are also victims of this crime. Including the Police, Ambulance, Paramedic, Teachers and so on. In fact there is not an instance where there is not a victim of this crime.

The ramifications span well beyond the content of this case authority undertaken by recognised due process at tribunal.
