

Top Features of the Ciaz Hybrid Car: A Comprehensive Review

Are you on the lookout for a car that combines fuel efficiency with style and comfort? Look no further than the Suzuki Ciaz Hybrid! With its sleek design, top-notch features, and eco-friendly performance, this car is a hit among both environmentally-conscious drivers and those who appreciate luxury.

In this blog post, we'll take an in-depth look at some of the best features of the Ciaz hybrid car so that you can get an idea of why it's such a popular choice. So, buckle up and let's get started!

Design and Exterior

The new [Ciaz Hybrid car](#) is a sleek and stylish vehicle that is sure to turn heads when driving. The design of the car is modern and offers a sporty look that is sure to appeal to drivers. The exterior of the car is available in a variety of colors, including white, black, silver, and gray. The car also features LED headlamps and taillamps that add to its overall appeal.

Interior

The Ciaz Hybrid car is one of the most popular hybrid cars on the market. It has a variety of features that makes it a great choice for those who are looking for a hybrid car. Here are some of the top features of the Ciaz Hybrid car:

The Ciaz Hybrid car has a 1.5-liter four-cylinder engine that is mated to an electric motor. This provides the Ciaz with excellent fuel economy.

The Ciaz comes with a six-speed automatic transmission. This transmission is very smooth and provides good acceleration.

The Ciaz has a spacious interior with plenty of legroom and headroom for passengers. The seats are also comfortable and provide good support.

The Ciaz comes standard with a variety of safety features, such as airbags, ABS, and traction control. This makes it a very safe vehicle to drive.

Engine and Performance

The Ciaz Hybrid is powered by a 1.5-liter petrol engine that is mated to a 5-speed manual transmission. The engine produces a maximum power of 104 bhp and a peak torque of 138 Nm. The Ciaz Hybrid has a fuel economy of 26.21 km/l and it emits 99 g/km of CO₂.

The Ciaz Hybrid comes with three driving modes - Eco, City, and Sport. In the Eco mode, the car's throttle response is muted and the air conditioning system is turned off to maximize fuel efficiency. The City mode is ideal for urban driving conditions, while the Sport mode sharpens the car's throttle response and makes the air conditioning system more powerful.

The Ciaz Hybrid comes with a start/stop system that automatically shuts off the engine when the car comes to a halt. This helps to save fuel and reduces emissions. The Ciaz Hybrid also features regenerative braking, which converts kinetic energy into electrical energy that is used to charge the battery. This helps to improve the car's overall fuel efficiency.

Safety and Security

The Ciaz Hybrid comes with a number of safety and security features that make it a great choice for a family car. It has a strong body structure with impact-resistant bumpers, side-impact beams in the doors, and a reinforced passenger cell. The car also has an anti-theft alarm system, engine immobilizer, and remote central locking. In terms of security, the Ciaz Hybrid is equipped with ISOFIX anchor points for child seats and comes with three-point seatbelts for all passengers.

Pricing and Variants

The Ciaz Hybrid car is available in four variants: the entry-level Sigma, the mid-level Delta, and the top-of-the-line Zeta and Alpha. Prices start at Rs. 7.25 lakhs for the base Sigma variant and go up to Rs. 10.90 lakhs for the range-topping Alpha variant (ex-showroom Delhi).

The entry-level Sigma variant is priced at Rs. 7.25 lakhs (ex-showroom Delhi), while the mid-level Delta variant is priced at Rs. 8.45 lakhs (ex-showroom Delhi). The top-of-the-line Zeta variant is priced at Rs. 9.65 lakhs (ex-showroom Delhi) and the range-topping Alpha variant is priced at Rs. 10.90 lakhs (ex-showroom Delhi). All prices are ex-showroom Delhi except where indicated otherwise.

The Ciaz Hybrid comes with a single 1.5L petrol engine option that makes 105PS of power and 138Nm of torque, mated to a 5-speed manual or a 4-speed automatic transmission. The petrol engine is supplemented by an electric motor that makes 20PS of power and 78Nm of torque, giving the Ciaz Hybrid a combined output of 123PS of power and 165Nm of torque.

The Ciaz Hybrid comes with standard features across all variants such as a 15" alloy

Conclusion

The Ciaz Hybrid is a great car for commuters and those looking to save on fuel costs. It has a range of features that make it an attractive choice such as its aerodynamic design, advanced safety measures, petrol-electric powertrain system, and improved interior space.

In summary, the Ciaz Hybrid offers an exciting combination of performance, efficiency, and comfort at a competitive price. With superior mileage and advanced technology included in this model, it is definitely worth considering if you are shopping for a hybrid vehicle.
