

## How To Clean Mr. Coffee Espresso Machine ? - Coffee Machine Nes

Can I use vinegar to clean my espresso machine? - Yes, vinegar is an effective cleaning agent for espresso machines. To clean your machine with vinegar, fill the reservoir with 1 part white vinegar and 2 parts hot water. Then turn on the power and run through a normal brewing cycle. When finished, discard the solution and rinse out the carafe and filter basket with warm water. - <https://coffeemachinenes.com/blogs/how-to-clean-mr-coffee-espresso-machine-2/>
