Time To Travel to the US with Miles!

**Why the United States for
Master's in Finance?**

The US is home to some of the world's top-ranked universities offering finance programs. They are at the forefront of financial research and have access to the latest technology and data, providing students with advanced education.

Skills gained with a master's degree in finance include:

- 01 Understanding of financial practices, principles, and industry.
- 02 Strong foundation in the theoretical aspects of finance.
- 03 Knowledge and understanding of a variety of business organizations.
- 04 Enhanced research skills – potentially allowing you to proceed to a Ph.D. program.
- 05 Enhanced technical, numerical, and quantitative skills and techniques.
- 06 Increased knowledge of global issues and access to global financial companies and industries.
- 07 Problem-solving ability, Management skills, and Entrepreneurship skills.

- Strong oral and written communication skills, and analytical ability, including preparation and delivery of professional reports and presentations.

What does Miles have for you?

Miles has created a dual degree pathway wherein you pursue an online PG Certification (International Accounting & Finance track) from IIM Indore in India. This allows you to transfer credits from the Indian B-School to the US University. Also, you get a 3-year work permit (OPT) for working in the US after completing Masters.
