We have several sheets that help students begin to understand how organisms are grouped and sorted. Get Free Worksheets In Your Inbox! Click the buttons to print each worksheet and .

**BIOLOGY STANDARD XI Worksheet Biological Classification Q** Chose the correct answer. 1. All eukaryotic unicellular organisms belong to (a) Monera (b) Protista (c) Fungi (d) Bacteria .

**CLASSIFICATION OF ORGANISMS ANSWERS**

1. Specific size and shape, metabolism (the sum of all the chemical activities of the cells which provide for its growth maintenance and repair), movement, irritability (response to a stimulus such as light or food), growth, reproduction, and adaptation to the environment.

2. Dec 7, . This worksheet is a simple reinforcement exercise that covers the six kingdoms and the classification system developed by Carolus Linnaeus. I teach my students to learn this system with the mnemonic “King Philip Came Over For Great Soup” though there are many other versions. Each letter corresponds with a level of classification: Kingdom.

**Biological Classification Worksheet Five-Kingdom System**

**Animal Kingdom** – Invertebrates (without backbones) and vertebrates (with backbones), multicellular, no cell walls, obtain energy through respiration

**Plant Kingdom** – multicellular, have cell walls, obtain energy through photosynthesis. Ex. mosses, ferns, flowering and seed plants.
