It's no secret that Lotto 6/49 is in the middle of a generous lottery-based lottery offering aimed at changing people's lives and making them no longer bother with ticket purchases. Millions of players participate in regular draws and wish for the best, but often their wishes do not come true. British Columbia has been a magnet for lotto prize money for the past few months.

Mr. Coronado is from Richmond and an avid lottery player with great dreams. Many players have a list of things to achieve if they are prepared in advance for a potential lottery win and collect large cash payments. Usually, the amount is larger than they have experienced, so they rarely realize the true size of the lottery when they receive the lottery prize money.
