

Global Crop Protection Chemicals Market –size, share, Industry Trends, Highest Revenue Growth

Data Bridge Market Research analyses that the [Crop Protection Chemicals market](#) was valued at USD 65.99 billion in 2021 and is expected to reach USD 87.57 billion by 2029, registering a CAGR of 3.60% during the forecast period of 2022 to 2029. In addition to the insights on market scenarios such as market value, growth rate, segmentation, geographical coverage, and major players, the market reports curated by the Data Bridge Market Research also include in-depth expert analysis, geographically represented company-wise production and capacity, network layouts of distributors and partners, detailed and updated price trend analysis and deficit analysis of supply chain and demand.

Market Definition

Crop protection chemicals help minimize and manage plant diseases, weeds, and other pest damage agricultural crops. These chemicals also help in maintaining and increasing year over year crop yield. Crop protection chemicals can be primarily classified into insecticides, herbicides, and fungicides. Previously, farmers used inorganic compounds such as arsenic and mercury salts to control the infestation of fungi and insects.

Global Crop Protection Chemicals Market Scope

The crop protection chemicals market is segmented on the basis of type, origin, form, crop type and mode of application. The growth amongst these segments will help you analyze meagre growth segments in the industries and provide the users with a valuable market overview and market insights to help them make strategic decisions for identifying core market applications.

Type

- [Fungicides](#)
- Insecticides
- Herbicides
- Others

Origin

- Synthetic
- Biopesticides

Form

- Liquid
- Solid

Crop Type

- Cereal and Grains
- Fruits and Vegetables
- [Oilseed](#) and Pulses
- Others

Mode of Application

- Soil Treatment
- Seed Treatment
- Foliar Spray
- Others

Competitive Landscape and Crop Protection Chemicals Market Share Analysis

The [crop protection chemicals market](#) competitive landscape provides details by competitor. Details included are company overview, company financials, revenue generated, market potential, investment in research and development, new market initiatives, global presence, production sites and facilities, production capacities, company strengths and weaknesses, product launch, product width and breadth, application dominance. The above data points provided are only related to the companies' focus related to crop protection chemicals market. Some of the major players operating in the crop protection chemicals market are:

- BASF SE (Germany)
- DOW (U.S.)
- Arkema, (France)
- Syngenta Crop Protection AG (Switzerland)
- ADAMA (Israel)
- Bayer AG (Germany)
- FMC Corporation (U.S.)
- Anhui Guangxin Agrochemical Co., Ltd. (China)
- UPL (India)
- AMVAC Chemical Corporation (U.S.)
- Dupont (U.S.)
- Sumitomo Chemical Co. Ltd (Japan)
- Bioworks Inc. (U.S.)

- Valent USA (U.S.)
- Nufarm Canada (Australia)
- Arysta LifeScience Corporation (U.S.)
- America Vanguard Corporation (U.S.)
- Corteva (U.S.)
- Chr. Hansen Holding A/S (Denmark)
- LIER Chemical Co., Ltd. (China)

Crop Protection Chemicals Market Regional Analysis/Insights

The crop protection chemicals market is analysed and market size insights and trends are provided by country, type, origin, form, crop type and mode of application as referenced above.

The countries covered in the crop protection chemicals market report are U.S., Canada and Mexico in North America, Germany, France, U.K., Netherlands, Switzerland, Belgium, Russia, Italy, Spain, Turkey, Rest of Europe in Europe, China, Japan, India, South Korea, Singapore, Malaysia, Australia, Thailand, Indonesia, Philippines, Rest of Asia-Pacific (APAC) in the Asia-Pacific (APAC), Saudi Arabia, U.A.E, South Africa, Egypt, Israel, Rest of Middle East and Africa (MEA) as a part of Middle East and Africa (MEA), Brazil, Argentina and Rest of South America as part of South America.

North America dominates the crop protection chemicals market in terms of revenue due to the increasing product development and adoption of sustainable cultivation practices in this region. The U.S. dominates the North America crop protection chemicals market owing to the increasing number of technological advancements.

Asia-Pacific is anticipated to be the fastest developing region during the forecast period of 2022-2029. India, and China region is likely to hold the major growth rate in the Asia-Pacific crop protection chemicals market owing to the increasing number of technological advancement in this region.

Our Reports Will Help Clients Solve the Following Issues:

Uncertainty about the future: Our research and insights assist our clients forecast revenue compartments and growth ranges in the future. This will assist our clients in investing in or selling their assets.

Grasp market opinions:

For a strategy, it is critical to have an objective understanding of market opinions. Our research provides a clear picture of market mood. We maintain this surveillance by engaging

with Key Opinion Leaders from each industry's value chain.

Recognizing the most dependable investment hubs:

Our analysis assesses market investment centres based on projected demand, returns, and profit margins. By using our market research, our clients may concentrate on the most important investment centres.

Identifying and assessing possible business partners:

Our research and insights assist our clients in identifying business partners.
