Visit our official website for more information.

Vaccination Center Safety

STAYING SAFE AT A VACCINATION CENTER IS CRUCIAL. FOLLOW THESE SIMPLE TIPS TO ENSURE A SMOOTH AND HEALTHY EXPERIENCE DURING YOUR VACCINATION APPOINTMENT.

WEAR A MASK

Wearing a mask protects you and others from potential transmission of the virus, especially in crowded areas.

MAINTAIN DISTANCE

Practice social distancing by keeping at least 6 feet away from others while waiting or interacting with staff.

WASH YOUR HANDS

Frequent handwashing with soap and water or using hand sanitizer is essential to reduce the spread of germs.

BE PATIENT

Vaccination centers can get busy. Be patient and follow instructions from staff to ensure a smooth

process.

STAY SAFE, GET VACCINATED

By following these simple safety guidelines, you can contribute to a safe and efficient vaccination process for yourself and others.
