Moscow has sought warmer relations with Jerusalem since the dissolution of the Soviet Union. This process accelerated under President Vladimir Putin, whose unexpected fondness for Jews—possibly stemming from a belief in the omnipotence of “World Jewry”—has left him relatively favorably disposed towards their nation-state.

The Rothschild/WEF/Internationalists & Russia. 3. How the story of America & Russia including the Cold War, the fall of the Soviet Union is a lie. 4. The Jewish role in Communism.

Some of the most powerful oligarchs in Russia are Israeli dual citizens. Putin's intervention in Syria doesn't make him an enemy of Israel. Israel's real enemies in the Middle East were already taken out by the US. Putin chose not to save Libya when it was entirely in his means to do so. Libya was the most prosperous country in Africa and one of the few last countries with an independent central bank. Gaddafi's social policies benefited his people. While I don't agree with Marxists, Gaddafi was the last leader I genuinely supported. He was a true enemy of the international bankers, Putin is not.

Muammar Gaddafi talked about Russia selling weapons to him during the Israel Arab conflict but not enough to win the war:

A note that the power dynamics in Russia are different from Jewish control in the West. Political control is centralized in Putin, this doesn't mean the Jewish oligarchs & special interest don't have tremendous power to get what they want. Above these "Russian" oligarchs are the Rothschild/Western Jewish elites that are demolishing the West. Putin does bend the knee to these Jews and is carrying out their agenda in Russia. Despite these differences, the experience of the population is the same or worse in many cases. Holocaust denial laws, generally very harsh thought crime sentences & WEF agenda initiatives. I know there are thoughts that Putin is somehow better or a "Russian Nationalist". I don't see that in light of the information. I do see the stance of almost all alt media taking a pro Russian stance. If not cheering it on, they take the exact talking points from RT and repeat that narrative.

How course come to your own conclusions. I can't claim to know for sure exactly what's going on especially at higher levels.

Who is pushing this pro Kremlin propaganda? Don't fall for it, they are the same people pushing Israel first/friend of Jeffery Epstein Trump as a savior. Putin is an old marxist from the KGB & part of the World Economic Forum. He pushed vaccines on his population, he crushes protestors, He's Anti free speech and jails Russian nationalists. All Putin is doing is slaughtering Ukrainian civilians & Ukrainian nationalists. The head of Ukraine is a puppet of WEF too. As part Ukrainian myself I understand average Ukrainians have every right to fight this invasion:

I'm glad I could help you out with the David Irving Max Blumenthal video. I did a search of Critiques on Blumenthal & the greyzone months ago. I'm glad you picked up the ABSOLUTE hypocrisy of Max wishing more prison time for Irving while he screams about the injustice of Julian Assange. Just ask even the best of the left about people in prison for Holocaust denial and see what happens. They will however openly deny mass kills done by Marxists (((🤡))).

What I said about Covid-19 in one of your previous videos is not idiotic. I should have spent more time stating it better, but I've got stuff going on with a heart condition and two dying dogs atm. Masks, vaccines, the "panic messaging" & population wide lockdowns are not legitimate pandemic procedures if your goal is to save people. They knew masks don't reduce transmission in any meaningful way based on all the previous scientific evidence they had <https://swprs.org/face-masks-and-covid-the-evidence/> Vaccines have never been successfully used to manage a pandemic nor could they safely develop a vaccine in that time frame. Every other aspect to your thesis that (((they))) were at least trying to manage the pandemic to reduce the human cost is contradicted by this meta analysis <https://swprs.org/facts-about-covid-19/>. Locking down at risk individuals & suspending travel are legitimate policies to allow

them time to put resources together to manage the ill. The ongoing economic lockdowns would only serve to kill more people from poverty in the West but primarily abroad in the third world. They knew the cost benefit of this before they started locking down.

100% of Covid-19 Vaccine Deaths Were Caused by Just 5% of the Batches Produced According to Official Government Data. There's no chance this was a mistake. This shows deliberate decisions by all manufacturers to kill/injure and/or experiment on the world population. The elite have been stating for decades they want to drastically reduce the world population. I could go on but I'll refer you to Harry Vox's bitchute and his video outlining lockstep. You can see he's aged if think this video was just produced during covid.
