

Furniture Consultancy in Tower Hamlets

[Furniture Consultancy in Tower Hamlets](#) To ensure a smooth installation we eschew the traditional “just in time” procurement model. We place orders early, we monitor progress and we have your furniture delivered early into our store. This means we can co-ordinate in ‘real time’ when your stock is delivered to site, so our deliveries can suit your installation. Your Account Director will assist in the co-ordination and will be on site throughout the installation of your furniture.
