Do we really have a valid election process? Is Government truly government by the people for the people? Are we all members of the public? What are the known observable Facts?

What is an election?

An election is where the people elect into office the representatives they wish to represent them into local government and then Parliament. Everybody knows that, we have been doing this for decades. The concept is that we elect of ourselves and that is self government by the people for the people, it is obvious any fool can see that. The people elect of themselves and then the people tell the local government what they want and the local government pass this forward to the central government and therefore we have government by the people for the people and all is well. Is this really what happens?

Secret Ballot

Is this a valid process? Well we do have a choice of all the elected councillors. Is this a real choice? The first question would be as to where be the box to place the "X" in that states "None of the above?" Strange how this option is not present on the Ballot sheet! Where does this collection of candidates come from in the first place? 95% of the people would not be able to answer this question. Then there is the process it's self. The people place an "X" in a box to signify a choice. So there is only a Mr or Ms "X" who has voted in a secret Ballot.

Where is the accountability? Who was it that voted in this secret Ballot? Well that would be Mr or Mrs "X". What happens to all these Ballot sheets after an secret Ballot? Should they not be kept on and for the public record? But what would be the point? This is after all a **SECRET** Ballot.

So the first question is this. Where is the material evidence that there has been somebody elected into office? If an elected was asked to present the material evidence of the fact that they have been elected. Then. Where is this material evidence and accountability? How can the elected prove by presenting physical evidence that they have been elected? Where is the public record on and for the public record? In which public office can this evidence be seen?

Can our current Prime Minister present the material evidence of the fact that he has been elected? No He Cannot.

The un-election Process.

What is this? 63.5 million People on this land can tell and know what the elective process is. But not one of the 63.5 million People can tell or know what the un-election process is! How is this representative of the people's choice? The fact is there is no process to remove some one from office once they have been elected into office. How is this government by the people for the people where there is no known process to un-elect an officer of the state?

The Public and the Private.

It is a general consensus of opinion that the people of this land are the public. Is this correct? No, it is not. Only those in public office and who are paid from the public purse are members of the public. So the general consensus of opinion is incorrect. An opinion is not fact. A belief is not fact. So is a general consensus of opinion a fact? No, it is an opinion. We have searched all the Ordnance Survey Maps for a public road. We did not find one. So where is the material evidence that there is such a thing as

a public road or a public highway? There is however designated public foot paths for pedestrians to pas and re-pas as long as the pedestrians do not obstruct the public foot path.

We have also had great difficulty finding the queens highway. It is a common held belief that we have the right to free travel down the queen's highway but for the life of us we cannot find the queen's highway on any Ordnance Survey Maps. We were hoping to locate this queen's highway; as if it has the right to free travel then we could travel this queen's highway without any speed restrictions. Additionally we could also have charged the queen for travelling expenses as we are travelling on the queen's highway for free as there is always an expense when travelling. But after consulting all of the Ordnance Survey Maps alas, there was no queen's highway to be found. So there is no material evidence to support the people's general consensus of opinion that there is such a thing as the queen's highway. Therefore the general consensus of opinion is incorrect.

So is there such a thing as a public road? This public road would be a public road if it was a designated public road only for the members of the public on the public payroll to drive upon. So which of the roads on this land is a designated public road purely and specifically for the purpose of the public use? The majority of the people are private individuals who are not paid from the public purse. If you are not on the public pay role then you are not a member of the public.

Is there such a thing as "The public"? It is quite clear from the Rt. Hon. Sir Jack Beatson speech at the Nottingham and Trent law university and the definition of a state by the London School of Economics that a state is a private company. See Exhibit (C) The Material evidence of the FACTS which is the material evidence that there is no such thing as public and that the general consensus of opinion is once again incorrect and there is no such thing as public. This is once again a belief and not a fact.

So do we have a valid election process and does this have any valid credibility.

Quite simply the answer is No. Let us sum up the facts.

- There is no un-election process.
- Only Mr and Mrs "X" have voted (No accountability)
- There is no material evidence to present on and for the public record that there has been an election. (No accountability).
- No elected official in public office can present any material evidence to the fact that they have been elected.
- There is no public office as the office is the office of a private company. See Exhibit (C).
- The private policy of the private government company carries no authority or legal obligation under the private company government legal definition of statute where there is a requirement for the legal consent of the governed. See Exhibit (B).
- There is no legal obligation for the elected to act upon the wishes of the people. (No accountability).
- The office of the Judiciary is a sub office to a private company. See Exhibit (C).

Do we have an elected government by the people for the people where this government has responsibility and accountability to the people?

The answer is. No we do not.
These are the facts on and for the record.
