

# Discover Why Digital Hour-Logging Is Mandatory For Truckers- Explain!

Do you know why Canada is forcing truck drivers to use monitoring devices at the start of the New Year? Well! Here we will show you why commercial drivers use the [Canadian ELD mandate](#) to comply with Hours of Service (HOS) regulations. Transport Canada has made the use of this device mandatory for certain commercial vehicle drivers, such as long-haul truckers. The regulations are designed to track drivers' hours of service, tracking how much time they are behind the wheel on any given day.

The advertisement features a dark blue background with a semi-truck in the upper center. The text "CANADIAN ELD MANDATE" is prominently displayed in the middle. Below this, four images show different ELD hardware: a black ELD unit with cables, a red circular LED light, a black ELD unit with a green label, and a smartphone displaying the ELD software interface. At the bottom, the text "GO WITH THE #1 RATED ELD PROVIDER IN THE WORLD" is written in blue. Below this, contact information is provided: a globe icon followed by "eldmandate.biz", a phone icon followed by "1-800-968-1869", and an email icon followed by "supportdesk@eldmandate.biz".
