Singapore MVNO Achieves Faster Recovery Time with Covalensedigital

Recovery Point Objective
Minimum – Close to zero

AWS
Cloud-based DR site

10% SMS, 10% voice
grabbed among existing MVNOs

No Data Loss
with Oracle Data guard

Overall Recovery Time Objective
< 20 mins
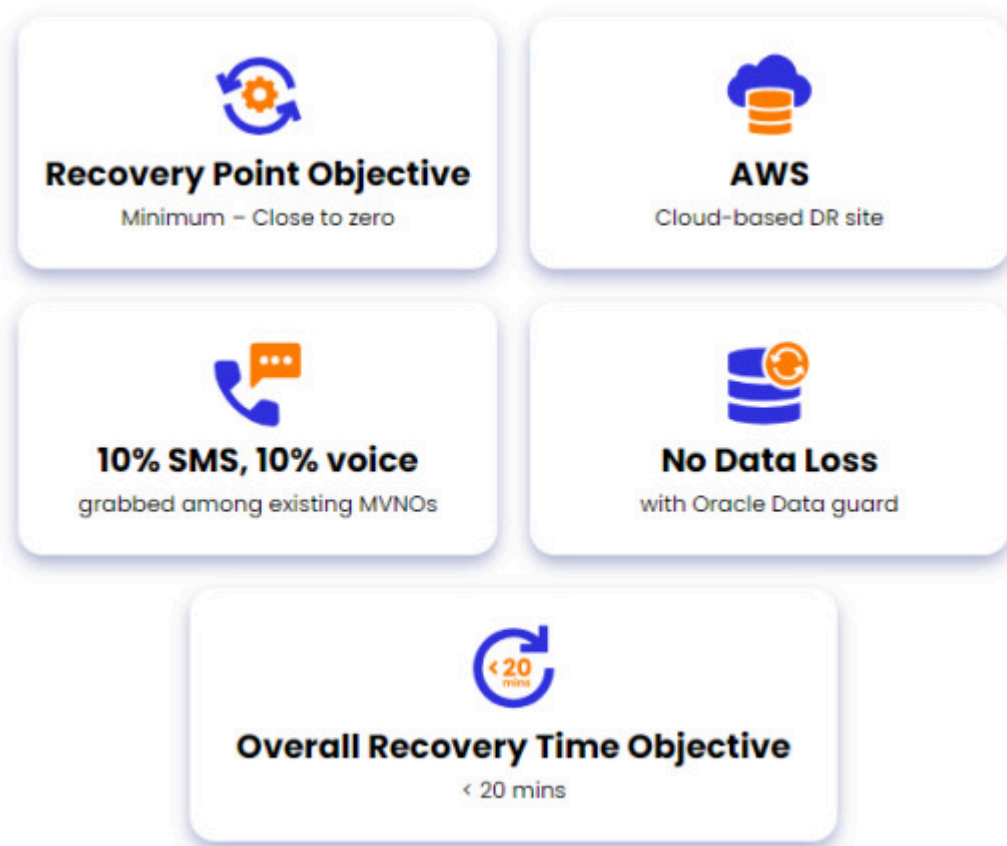

Covalensedigital's Outcomes

Manage disasters digitally to ensure the end-customers have a hassle-free and smooth digital journey.

To implement a fully functional DR - Disaster Recovery solution on-cloud.

The cloud-based DR solution execution achieved a near zero RPO - Recovery Point Objective.
