Our creative team has chosen a lip color for each of the 12 zodiac signs that best captures its characteristics. We have you covered whether you read your horoscope every day or you simply need a reason or some motivation to go lipstick shopping.

Lips of the Zodiac

With these lip colors for each zodiac sign, find your ideal match.

Lips of Aries (21 March – 19 April)

The zodiac's first sign commands respect and is the alpha dog. If you are an Aries, a fiery and fiery sign, you are daring, ambitious, and love to be in charge. BULLSEYE, a traditional blue-

red, is our choice for Aries's lips because it is resolute, assured, and consistently happy. Imagine it as a suit of armor for your lips.

Lips of Taurus (April 20 - May 20)

As a strong earth sign known for its warm, amorous side, Taurus is grounded, dependable, and solid, and desires stability and security. Our choice for Taurus lips is IT GIRL, a deep rose because it never goes out of style and no one can convince you otherwise. We are always fans of comfort and elegance.

Lips of Gemini (May 21 - June 20)

Gemini is an air sign, which implies you're adaptable to change, constantly evolving, and always friendly. The twins of the zodiac don't necessarily mean two-faced; rather, it means that you have a dualistic nature that is entirely up to you to reconcile. With adaptability and duality as its guiding principles, FRENCH NUDE is our choice for Gemini lips because it can be either sophisticated for work or playful for a night out.

Lip Cancer (June 21 - July 22)

Cancer, the loving and protective water sign, cares deeply about the people and environment around them and exists in both the emotional and material worlds. You frequently prioritize others over yourself because you are insightful, sympathetic, and wise. We select BELLA for Cancer lips because she is ever tender and lovely. To remain real, this delicate, neutral shade of pink offers just the appropriate amount of sweetness.

Lips of Leo (July 23 - August 22)

Leo exudes light in everything they do, just like going outside on a nice sunny day. This fire sign, which is regarded as the cheeriest and most lively of the entire zodiac, has a passionate and courageous side that doesn't hesitate to put itself out there. Our recommendation for Leo's lips is FIXATION, an electric watermelon shade that helps you be the star of the show and satisfies your need to be noticed. This shade goes well with Leos's vivid and captivating personality.

Lips of Virgo (August 23 - September 22)

Virgo, often known as the pragmatist of the zodiac, is a natural earth sign that places a high priority on intelligence, organization, and neatness. Virgos are analytical, realistic, and careful in all they do, always striving to be their best. Sometimes you don't really need a bold lip to make your day better. For Virgo's lips, you need a wearable lip color that you can swipe on without worrying that it will smear and spoil your makeup look. We suggest GLAZE, a roasted cherry color that will more than satisfy all of your needs.

Lips of Libra (September 23 - October 22)

Libras, the sign of the scales, place a high priority on harmony, fairness, and balance. Libras are highly intelligent, artistic, and creative people who enjoy luxury and the finer things in life. When the color of your sign is pink, you need the best pink available since you enjoy the finer things in life and have an innate attention to detail. We decided on DARLING, a fiery cool pink that strikes the right balance between frivolity and sophistication.

Lips of Scorpio (October 23 - November 21)

Scorpio is a fiery and strong sign that is frequently misidentified as a fire sign when it is actually a water sign. Scorpios are emotionally strong people who have a clear sense of what they want and how to go about attaining it. For Scorpio lips, we choose BRICK-HOUSE—a rich red shade that seduces with intrigue and mystery—to channel the mysterious part of the sign.

Lips of Sagittarius (November 22 - December 21)

Sagittarius, the final fire sign and arguably the most unusual of all the [signs of the zodiac](#) are inquisitive, intense, passionate, and oh-so-determined. This is one trait you'll always want on your team—a person who is fearless, strong, and continually seeking out new information. Always on the move and in search of your next great adventure, we chose UPTOWN for Sagittarius lips. This electrifying coral tone is ideal for adding a splash of color and bringing out your extroverted side.

Lips of the Capricorn (December 22 - January 19)

One of the most unique and unexpected of all the zodiac signs, Capricorns appear to be steadfast, ambitious, and always moving forward no matter the difficulty they encounter. Capricorns have a wild side that, on a deeper level, may not always show itself, but when it does, you'll want to be part of it. For Capricorn lips, DUNE—a warm sandy nude never fails to complete an ensemble, regardless of the mood, and to meet the numerous layers of this sign.

Lips of Aquarius (January 20 - February 18)

Aquarius is the final air [sign of the zodiac](#), not to be confused with a water sign. Like water, Aquarius is innovative, progressive, and always in motion. They have a unique energy. Unbeatable in terms of style, originality, and sociability is Aquarius's energy. For Aquarius lips, we chose RUNWAY—a deep wine shade that none of your friends thought they could wear until you did—because Aquarius is the coolest kid on the block and constantly pushing the boundaries of fashion and beauty.

Lips of Pisces (February 19 - March 20)

As the 12th and final sign of the zodiac, Pisces is believed to possess a variety of characteristics shared by the other 11 signs as well as several of its own. Pisces are exceptional artists and creatives because they are empathetic, insightful, and sensitive. If Pisces is a little bit of all the signs, then PILLOW TALK is a blend of everything we adore in a lip color—pink, nude, and mauve—for Pisces's lips. Additionally, this lip color has no limitations, just like Pisces love, and it's ideal for work, errands, or date night.
