

"It was a situation where (Jeong)Cheolwon couldn't do it."

It is not bad to avoid opposing ace David Buchanan.

Coach Lee announced Brandon Waddell (registered name Brandon) as the starting pitcher against Hanwha in Daejeon on the 11th. Kwak Bin and Choi Won-joon will take the mound on the 12th and 13th.

Kim Dong-joo, who was scheduled to start on the day, will play against KT in Jamsil on the 16th. Choi Seung-yong, who pitched well as an alternative starter on the 8th, will take the mound as a bullpen as early as that day.

Doosan removed Lee Yoo-chan from the first-tier entry and raised Ahn Jae-seok. Lee Yoo-chan's cancellation of the first division is the first time this season. Ahn Jae-seok returned to the first division 64 days after his cancellation on June 7.

Coach Lee said of Lee Yoo-chan, "My skills were not coming out. "I hope you practice a lot and find confidence," he said. Coach Lee expects Lee Yoo-chan to be a good medicine to remove the entry like Kim Jae-ho and Kang Seung-ho, who have been active since visiting Futures.

We are still thinking about how to use Ahn Jae-seok. Veteran Kim Jae-ho, who turned around and re-established the main shortstop, is steadily playing. Coach Lee said, "It is said that Jae-seok practiced second base, third base, and shortstop." Looking at the situation, I think I need to think about it depending on the opposing pitcher," he said. Yang Eui-ji, the team's pillar, is missing due to side pain. We have no choice but to utilize the resources we have as efficiently as possible.
