Google My Business is a free tool that allows businesses to manage their online presence across Google, including Search and Maps. It allows businesses to create and verify their business profile, add photos, update business information, respond to reviews, and more. To set up a [Google My Business](#) account, you will need to create a Google account, if you don't already have one. Then, you can go to the Google My Business website and click "Get on Google" to start the setup process.
