Description :In 2025 het die Sri Lankaanse regering 'n nuwe aanlyn elektroniese stelsel vir besoekers bekendgestel. Nou hoef jy nie die Sri Lankaanse ambassade te besoek of plakker op jou psssport te kry nie. Baie lande kom nou in aanmerking vir die elektroniese en aanlyn visumproses vir Sri Lanka. Jy moet 'n e-pos-ID hê en aanlyn per debiet- of kredietkaart kan betaal. Jy behoort jou paspoortbesonderhede van die paspoortbiodatabladsy af te ken.

Elektroniese reismagtiging of eVisa vir Sri Lanka is 'n immigrasie-inisiatief vir 'n kort besoek aan Sri Lanka en dit word na u e-pos gestuur. Dit is 'n baie vereenvoudigde, betroubare en doeltreffende metode

eerder as om die Sri Lankaanse ambassade te besoek om stempel op die paspoort te kry. Die aanlyn Sri Lankaanse visum word per e-pos uitgereik. Jy hoef nie enige paspoortafskrifte te stuur of enige dokumente of foto's te stuur nie. Sodra jy e-pos het, gaan na die lughawe, geen stempel of endossement op die paspoort word vereis nie. In 2025 Sri Lankan Government has launched a new online electronic system for visitors. Now you do not have to visit Sri Lankan embassy or get sticker on your psssport. Many countries are now eligible for the electronic and online visa process for Sri Lanka. You must have an email id and be able to pay by debit or credit card online. You should know your passport details from the passport biodata page. Electronic Travel Authorization or eVisa for Sri Lanka is an Immigration initiative for Short Visit to Sri Lanka and this is sent to your email. This is a very simplified, reliable and efficient method rather than visiting the Sri Lankan Embassy to get stamp on the passport. The Online Sri

Lankan Visa is issued by email. You do not need to send any passport copies or couriered any documents or photographs. Once you have email, go to the Airport, no stamp or endorsement on the passport is required.
