A Special Project by Own Silent & Co

Own Silent & Co has developed this special upgrade using advanced 3D design technology, ensuring that every component integrates seamlessly with the Cullinan's original structure. This project combines precision engineering with genuine parts compatibility, delivering a transformation that stays true to Rolls-Royce's heritage while embracing contemporary styling.

What's Included in the Upgrade Kit?

This 2025 Series II Facelift conversion kit is designed to enhance both the appearance and functionality of your Cullinan:

Front Bumper – A redesigned, sculpted bumper that refines the Cullinan's bold and luxurious stance.

Grille Frame – Engineered with high precision for a perfect OEM-style fit.

Signature Rolls-Royce-Style Grille – A more detailed grille design that amplifies elegance and road presence.

Tuned Headlights – Upgraded and tuned for superior illumination and enhanced styling, these headlights improve both visibility and aesthetic appeal.

Rear Bumper – A refreshed rear bumper that complements the front-end upgrade, ensuring a cohesive transformation.

Why Upgrade?

This upgrade kit is not just about aesthetics—it's a statement of refined luxury and modern technology:

3D-Designed for Perfect Fitment – All components are engineered to align seamlessly with genuine Rolls-Royce parts.

Modernized Styling – The facelift reflects Rolls-Royce's latest design evolution, giving your Cullinan an updated, distinguished look.

Tuned Headlights for Enhanced Visibility – The upgraded lighting system offers improved clarity while adding a sophisticated, high-tech edge.

Factory-Level Craftsmanship – Each part is crafted to OEM standards, preserving the vehicle's original build quality.

Professional Installation Recommended

To ensure a flawless integration, professional installation is strongly recommended. Own Silent & Co specializes in high-end luxury vehicle transformations, guaranteeing a seamless upgrade process with factory-grade precision.

Conclusion

The 2025 Series II Facelift conversion kit is a testament to Own Silent & Co's commitment to excellence in luxury automotive upgrades. With precision 3D-designed components, tuned

headlights, and a refreshed aesthetic, this upgrade ensures your Rolls-Royce Cullinan remains a masterpiece of modern elegance.
