

Upgrade Your Game with High-Quality 7x21 Soccer Goals

Introducing the [7x21 Soccer Goals](#) Alumagoal White Powder Coated 3" Round – the ultimate choice for athletic clubs, elementary schools, and youth soccer leagues. These goals are built to withstand rough weather conditions and the powerful shots on goal that come their way.

Crafted from durable aluminum, these soccer goals guarantee longevity and resilience. The 3" round front face is white powder coated, ensuring better visibility when shooting for that perfect goal. With its custom aluminum extrusion construction, these goals offer superior strength and stability.

Designed for convenience, these goals feature a built-in net clip track with clips, making setup a breeze. The package includes high-quality 4 mm white nets, stainless steel hardware, and ground anchors – everything you need to get your league up and running.

The backstays are made of 2" round heavy wall aluminum tubing, providing additional support and durability. The double-reinforced Tig welded corners further enhance the sturdiness of these goals.

With a weight of 301 lbs. per pair, these soccer goals are solid and reliable. Assembly is required, but rest assured that they come with a 5-year limited manufacturer's warranty.

Choose the 7x21' Soccer Goals Alumagoal White Powder Coated 3" Round for top-notch quality and performance on the field. Score big with this exceptional pair of goals that will take your soccer game to new heights!
