map to plan their journey from middle school to achieving the career they desire. Tell the students that, for example, a student may know they want to have a career where they. Middle School Survey: Strengths, Interests, & Preferences For Future Living, Learning, & Working

Student's Name: _____ Grade: _____ Date: .

Exploring is a career education program for middle and high school-age young men and women based on a unique and dynamic relationship between youth and the organizations in their communities. Local organizations are matched to the interests of young people in the community using the Career Interest Survey, either in Scantron format or online. This document serves as a resource guide to support schools serving middle school students as they prepare to successfully complete Graduation Pathways in high school. There are three overarching themes that need to be incorporated into student learning and experiences during grades six through eight. Middle School Survey: Strengths, Interests, & Preferences For
