

Portable Airborne Particle Counter

Labmate [Portable Airborne Particle Counter](#) is an advanced device for monitoring air quality in cleanrooms. It measures particles across eight size ranges (0.3 μ m to 10.0 μ m) with a flow rate of 50 L/min. It features a 7-inch touch screen, laser sensor technology, and stores up to 5,000 samples. It samples a cubic meter of air in under 20 minutes, has a built-in printer, Wi-Fi, and durable stainless-steel casing.
