

"The training ground is full of tremendous energy"

British media 'Sports Bible' reported on the 30th (Korea time) that "Liverpool fans are showing their expectations for the upcoming season by memorizing key phrases during Arne Slot's training."

Slot has been one of the hottest managers in recent years. Slot had been expected to replace Klopp in recent weeks, and after quick negotiations, he was officially appointed as the manager of Liverpool next season on May 521 (Korea time).

Liverpool said on its official website, "Coach Arne Slot Head has left Feyenoord to lead Liverpool from the 2024/25 season. Thus, Arne Slot will take the helm of the club in place of Jurgen Klopp, who has decided to step down as coach at the end of this season."

With the 2024/25 season just around the corner, players who did not participate in Euro 2024 or Copa America returned to training and Liverpool began the pre-season. Fans were impressed by the training video clip that the coach Slot has shown so far, who has built a reputation with Feyenoord. At Liverpool's Philadelphia training session ahead of the friendly match with Arsenal, Slot was heard repeating the same phrase to the team.

Slot told his players to "kill their opponents with passes" throughout the training session, with fans voicing their opinions, noting Slot's tactics. "Slot gives a similar impression to Coach Rangers in the way he trains. Slot is definitely a trainer and coach," one fan said.

A second fan commented, "Everyone is working, including the manager. The training ground is full of tremendous energy. Seeing Slot become a new manager, I started to feel good. In my view, all the members will try without being overly dependent on certain players."

Liverpool full-back Kostas Tsimikas explained his new manager, Arne Slot system, in an interview with "LFCTV." Tsimikas said, "It was very good and intense. I think every player gives their best every day. I think he has a very good idea and we work really hard and try to understand the way he wants to play."

"So we're really looking forward to how the team reacts in the game and what we can do through a lot of training with him," Tsimikas continued.
