

## 'Barcelona-Real-München-PSG' scouts have been dispatched

Graham Bailey, a reporter for the British media 'HITC', said on the 20th (Korea Standard Time), "Real Madrid, Barcelona, Bayern Munich, and Paris Sengermann (PSG) are all watching the growth of Mason Greenwood, who plays for Ligue 1 Marcéu."

Marcelo suffered humiliation by staying in eighth place in Ligue 1 last season. Eventually, Marcelo appointed Roberto de Gerby as the new coach ahead of this season. Marcelo has also completed massive reinforcement of players under de Gerby's leadership.

Ismaila Sarr, Pierre-Emerick Aubameyang and Iliman Ndiaye have been released, and a total of seven players have been recruited, including Pierre-Emile Heubier and Ismael Kone.

Marseille's new recruit Greenwood has been bombing Ligue 1 earlier this season.

Greenwood is an English striker. Greenwood's main positions are right wingers and strikers, and his strength is two-footed shooting and goal-scoring ability. After dribbling, he can destroy the goalkeeper with a half-beat fast shooting. Off-the-ball is also considered an advantage during counterattacks. [안전놀이터](#)

Greenwood, who was Manchester United's "Sunggol Youth," was kicked out of the first team for raping and assaulting his girlfriend during the 2021-22 season. He succeeded in reviving by receiving the player of the year award at Getafe last season, but had to leave Manchester United ahead of this season.

Marseille desperately wanted to recruit Greenwood, who decided to break up with Manchester United. De Zerby also voiced the need to recruit Greenwood. Although Mayor Marseille opposed the recruitment, Marseille recruited Greenwood after negotiations with Manchester United.

Greenwood's toes exploded from the opening game. Greenwood scored multiple goals in the opening game to lead the team to a 5-1 victory, and also scored multiple goals in the third round against Toulouse to lead the team to a 3-1 victory. Greenwood is currently leading the scoring in Ligue 1 with five goals.

Greenwood even acquired the Marseille Player of the Month award in August. Thanks to his outstanding performance, Greenwood is once again drawing attention from big clubs. Real Madrid, Barcelona, Munich, and PSG all sent scouts to watch him.
