

8,000 gaming experts from around the world to a three-day conference

At the AU34 booth, Konami will display innovative new gaming products that will showcase Born From Fun™ heritage, as well as ever-increasing specialization and performance in the Asian gaming market.

At this year's Macau Game Show, Konami will present a variety of new games with unique visual experiences designed to entertain and entertain Asian customers, including UltraReels™ series with a 3-4-4-4-3 configuration and various 5-reel titles with exciting bonus play experiences and congratulatory sequences. New themes such as King of the World™, Great Luck Great Proper™, and Red Fortune™ feature Asian-inspired design elements and mathematical models that customers at MGS should experience. Konami will also introduce a grabbing rapid revolution™ premium cabinet that boasts six vertically mounted mechanical reels in a large top box. The cabinet boasts six vertically mounted reels in a large top box, surrounded by high impact sound and lights paired and synchronized with the video base game on the bottom screen. [바카라사이트](#)

"Operators of this year's show will experience more of the region's key demographic popular features and mechanisms with zero new game themes," said Matt Levack, Konami's vice president of marketing. "We hear time and time again about how stable our products work. So this November we will bring a strong selection of products that we have created with attention to proven mathematics and the details of our global reputation as the most reliable company in the industry."
