San Antonio, TX – August 22, 2024 – Ankr Health is excited to announce its participation in the 2024 Texas Cardiovascular Innovations Conference, taking place from August 23–24, 2024, in San Antonio, Texas. This premier event is a significant opportunity for cardiovascular professionals to explore cutting-edge innovations and network with industry leaders.

Transformative Solutions at Texas Cardiovascular Innovations Conference

At Ankr Health, we are committed to revolutionizing the way medical practices operate and engage with patients. Our advanced solutions are designed to streamline practice workflows, enhance patient care, and unlock substantial revenue streams. By converting patient messages and calls into billable telehealth visits, Ankr Health helps practices potentially generate over \$1 million in additional revenue annually.

Key Features to Explore:

- **Unlock Over \$1 Million in New Revenue Streams:** Transform patient calls into billable visits, boosting practice revenue.
- **Seamless Telehealth Integration:** Enjoy HIPAA-compliant video, audio, and chat functionalities for remote consultations.
- **Enhanced Practice Efficiency:** Automate scheduling, reduce no-shows, and streamline administrative tasks.
- **Advanced Data Analytics:** Gain insights into practice performance with detailed analytics and reporting.
- **Customizable Workflows:** Tailor solutions to fit various medical specialties and practice sizes.
