

March 23:

Level +2

Contributor: [NymCast](#)

We reach day 23 with NymCast, which today brings us 5 great games, which I double to 10.

To get to the link of the giveaways today we propose an easy Wordle.

This weekend I'm away, in case you notice I'm a little absent, but when I can I read absolutely everything and you continue to be incredible, every day achieving very high participation in each giveaway and with a lot of interaction, even sneaky giveaways that I love, thank you for all.
