

#FlipThe37 - Donald Trump has won the White House with 306 promised electoral votes; 270 are needed to win. But those electoral votes are cast by individuals who are not bound to vote for the candidate their state chose. They are permitted to abstain, or even to vote for another candidate.

This is the only option left for keeping Trump out of the White House.

A complete shot in the dark. But it's all we have.

Here's a list of those people. Email them. Tweet them. Tell them your stories. Ask them to consider abstaining or flipping their vote. Show them that a Trump presidency is NOT the will of the people. #flipthe37

Ask them to please vote for **Hillary Clinton**.

Also share and sign this **petition** everywhere- <https://www.change.org/p/electoral-college-electors-electoral-college-make-hillary-clinton-president-on-december-19>

See #FlipThe37 on twitter for more and/or the original website. <http://flipthe37.blogspot.com/2016/11/the-nuclear-option.html?m=1L>

(This is a partial list as not all the electors have info but these have **FB accounts, twitter handles** and **emails**. will update as more are known)
