

Childhood Unbound: Practical Steps to End Child Labour in India

By advocating for education accessibility, enforcing [child labour laws](#), promoting economic opportunities for families, and fostering awareness campaigns, we can break the cycle of exploitation. Through government initiatives, NGO partnerships, and grassroots efforts, we can ensure that every child is given the chance to thrive in a safe and nurturing environment. By empowering families with resources and support, we can address the root causes of child labour and create sustainable solutions for a brighter future. Together, we can build a society where every child is free to learn, play, and dream without fear of exploitation. Join us in the fight against child labour and be a part of the change for generations to come.

Every Child Deserves a
