

## DB's social contribution activities continued despite the scorching heat.

Since 2011, Wonju DB has been volunteering to improve the residential environment of its neighbors in need, including multicultural families in Wonju. DB, which had been continuing its volunteer activities in Wonju, moved to Bulgwang-dong, Seoul last year, and returned to Wonju this year to conduct love house activities.

On the 6th, DB held a "Love House with the Promy Basketball Team" for eight elderly households in the second-highest level of single households in Wonju.

At 8:50 a.m., a total of 80 people, including all members of the basketball team, including the owner (CEO Jeong Jong-pyo), head coach Kim Joo-sung and captain Kang Sang-jae, and executives and employees of the headquarters, gathered at Wonju City Hall to hold a launching ceremony. Wonju Mayor Won Kang-soo also attended the ceremony and delivered a message of gratitude to the team.

After the opening ceremony, the DB team, Fromi volunteer group, and executives and employees visited the designated family home in eight groups and focused on improving the residential environment, such as replacing floorboards, wallpaper, and interior design.

Although the discomfort index could have risen due to the weather forecast that it may rain, the humid heat, and the weather that fluctuated, the team did its best for the elderly with a smile on their face.

After the morning work was completed, we had lunch in groups and had a little break time. In the afternoon, after returning to their position and finishing the work, the city hall held a ceremony to disband. [파워볼사이트](#)

Captain Kang Sang-jae said with a smile, "Basketball players are used to getting support. It's a time that I can give to them today, and it's a very meaningful and happy day."

Kim Jong-kyu, who participated in volunteer work for the first time, also said, "I couldn't participate in volunteer work due to the national team's schedule. This is my first participation this season, and I worked even harder because I think it will be a very meaningful and meaningful day."

Head coach Kim Joo-sung also welcomed the progress of the program, saying that love house activities greatly help strengthen teamwork and increase the sum among players.

In addition to Love House volunteer activities, DB consistently delivers warmth to the local community through various methods such as sharing briquettes of love, social contribution activities for children's traffic safety, and rice delivery ceremony of love.
