It's time for someone serious. (JDate)

Erasers which double as USB memory sticks were designed to help New Zealanders realise how important our memories are, and how difficult life can be for those living with this disease. With a purpose for everyday use, this constant reminder of Alzheimer's New Zealand's importance was distributed amongst various local organizations, local politicians, and the public. The message displayed on the top of the eraser is: Alzheimer's erasers your memories. Save them. On the reverse side was the Alzheimer's New Zealand logo and website, for where you can turn for more information and support, alzheimers.org.nz

Alzheimer's Erasers...Your memories. Save them.
