Shop stocking stuffers · Explore top gifts. The following is a version of a method known as Layer-By-Layer (LBL), optimized for an easier transition into the CFOP speedsolving method. This method works by sequentially building . With the Rubik's Coach Cube, peel & reveal to solve quicker with stickers! Check out the experience to follow along with in-depth tutorial videos. Rubik's 2×2. Case #1: If you see that three of the four corners do not have yellow on top, move the cube until the bottom-left corner of the top face contains a corner with yellow on top. Then apply the algorithm above. \*\*If the top layer does not become completely yellow after applying the algorithm, repeat this step again until it is (1 to 2 times). How to Solve the Rubik's Cube by Shelley Chang (appropriated by Lucas Garron) Notation A letter by itself (e.g. F) means turn that face 90 degrees clockwise with respect to the center of the cube. A letter with an apostrophe (F') denotes a 90 degree counter-clockwise turn. A letter followed by the number 2 (F2) denotes 2 turns, i.e. a
