

EFER Renovations Inc

EFER Renovations Inc is a full spectrum roofing and siding contractor, esteemed for delivering superior services across New Jersey and Eastern Pennsylvania. Our expertise in enhancing both residential and commercial structures sets us apart in the industry. The cornerstone of our service catalog is the meticulous flat roof replacement a crucial offering for businesses and homes that prefer the modern aesthetic and functionality of a flat roofing system. At EFER Renovations Inc, we expertly manage every aspect of your roofing project.

Our portfolio of services encompasses comprehensive Roof Installation, where we ensure the use of top quality materials to build resilience against the weather elements. For existing structures, our Roof Replacement is done with a fine eye for detail, considering both functionality and curb appeal. Recognizing commercial establishments' unique needs, we provide dedicated Commercial Roofing solutions tailored to their specific requirements.

EFER Renovations Inc excels not just overhead but all around your property. From handling damage caused by extreme weather through our thorough Storm Damage service, securing homes with resilient Siding, to installing robust Gutters, precision engineered Doors & Windows, as well as crafting inviting outdoor spaces with customized Decks & Porches we bring your vision into reality.
